Federal Railroad Administration

Notice of Application for Approval of Discontinuance or

Modification of a Railroad Signal System

Docket Number FRA-2017-0051

Under part 235 of Title 49 of the Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that on June 7, 2017, National Railroad Passenger Corporation (Amtrak) petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA assigned the petition Docket Number FRA-2017-0051.

Applicant: National Railroad Passenger Corporation

Mr. Nicholas J. Croce III, PE

Deputy Chief Engineer C&S, Acting

2995 Market Street

Philadelphia, PA 19104

Amtrak seeks to remove two derails, one in each direction approaching the Spuyten Duyvil bridge on Main Track #1, at Inwood interlocking, milepost (MP) 9.9 on the New York Division, Hudson Line, Inwood, New York.

Amtrak would like to remove the derails as they have been rendered obsolete by advanced technologies which ensure that trains stop rather than derail. They have been a source of considerable delay to time-sensitive passenger trains. Amtrak desires to

remove these derails from the main tracks to eliminate maintenance and operation of obsolete hardware that is no longer needed, and to reduce delays caused by failures of the derails. Each of the interlocking home signals protecting these derails and the associated movable bridge are equipped with 100Hz coded cab signal system with speed control. The interlockings have also been equipped with both Advanced Civil Speed Enforcement System and Positive Train Stop.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue, SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:
